OF/USA – Bumbarger’s - Office Furniture USA awarded GSA contract

Hickory, NC – Office Furniture USA – Hickory, NC, a division of Bumbarger’s Inc., has been awarded a contract by the U.S. General Services Administration (GSA).

“This contract allows us to set a pricing schedule that is extremely advantageous to GSA,” said Bill Bumbarger. “Combined with our professional design and installation service, and our partnership with a variety of contract-grade manufacturers, it allows GSA much greater latitude and flexibility when choosing office furniture.”

GSA works with commercial companies to establish long-term government-wide contracts to provide access to goods and services. Many local governmental entities, including federal, state, city and county offices, will be eligible to purchase office furniture at the same GSA discount offered to the Federal Government.

Bumbarger said a specialized catalog would be mailed to GSA contacts in the area in the coming weeks. In the meantime, representatives of Office Furniture USA - Hickory will be contacting GSA buyers personally to let them know about the new contract.
