

# Fanny Fatigue a Problem?

Maybe your office chair is the culprit. Perhaps it is time to consider new office seating. Try our new **“Test Drive a Chair”** demo program\*. Select a chair from our showroom floor and **“Test Drive”** it in your office for a week. Comfortable, ergonomic task seating is an important linchpin in a productive office environment.

Oh, My Aching Back!

Would you buy an automobile without driving it first? Why not apply the same standard to your office seating? Can you really tell how comfortable a chair is from a catalog picture or a website? You may have the most stylish, attractive office furniture imaginable, but if you are sitting in an uncomfortable chair eight hours a day, chances are you will be miserable.

So don't exhaust most of your furniture budget outfitting your new or remodeled office, and be forced to settle for an uncomfortable, bargain basement chair. Office Furniture USA carries a complete line of affordable, multi-function task and executive seating to meet almost any budget. Choose from industry leaders such as Eurotech Seating, United Chair, Chairworks, Nightingale, Haworth and Boss to name just a few. It's your fanny...why wait? And don't forget...you **save everyday at Office Furniture USA!**
